2020 Calendar — Hertfordshire's Countryside Under Threat

The Hertfordshire countryside is not just an abstract concept; many thousands of Hertfordshire residents regularly access and depend upon the countryside for recreation and wellbeing. Regrettably, Hertfordshire's countryside continues to be under immense development pressure, with well over 70,000 houses now proposed for Green Belt land across the ten districts. Our calendar this year features a number of specific threats to our countryside as well as several examples of the positive work done by local groups and some pictures from our Rural Living Awards Scheme, which aims to celebrate efforts made to improve life in the community and/or enhance the environment in Hertfordshire.

The calendar is A4 with plenty of space to write all your important information.

If the thought of losing Hertfordshire's lovely countryside and precious Green Belt concerns you, please help us protect it.
